Manuscript Number: **BSPC-D-25-06356**

Dear Md. Abdur Rahman,

The corresponding author Dr. Sami Azam has listed you as a contributing author of the following submission via Elsevier's online submission system for Biomedical Signal Processing and Control.

Submission Title: SSMT-ConED: A Semi-Supervised Student–Teacher Framework with Contrastive Learning and Generative Adversarial Network-Based Augmentation for Robust Multi-Organ Segmentation Across CT and MRI Modalities

Elsevier asks all authors to verify their co-authorship by confirming agreement to publish this article if it is accepted for publication.

Please read the following statement and confirm your agreement by clicking on this link: [Yes, I am affiliated.](#)

I irrevocably authorize and grant my full consent to the corresponding author of the manuscript to: (1) enter into a publishing agreement with Elsevier on my behalf, in the relevant form set out at <http://www.elsevier.com/copyright>; and (2) unless I am a US government employee, to transfer my copyright or grant a license of rights to Elsevier as part of that publishing agreement, effective on acceptance of the article for publication. I understand that as the author I will have additional rights to reuse my work as set out at <http://www.elsevier.com/copyright> . If the article is a work made for hire, I am authorized to confirm this on behalf of my employer. I agree that the copyright status selected by the corresponding author for the article if it is accepted for publication shall apply and that this agreement is subject to the governing law of the country in which the journal owner is located.

If you did not co-author this submission, please contact the corresponding author directly at sami.azam@cdu.edu.au.

Thank you,
Biomedical Signal Processing and Control
